Cheese Stuffed Meatball Production Line

隆豫机器人（浙江）有限公司

Production Line Introduction

Cheese Stuffed meatballs provide a rich texture and unique eating experience, making them popular in frozen and ready-to-eat markets. Maintaining filling integrity and uniform appearance requires reliable forming technology. LONGYU provides complete production solutions that help manufacturers achieve stable quality and efficient production.

Product Parameters

Product Images	Product Name	Model No.	Technical Specifications	Features
	First-generation multi-purpose filling machine	SV208	Machine dimensions: 168 × 68 × 130 cm Production speed: 0–80 pieces per minute Power: 1.35 kW Voltage: 220 V Product weight: 10–250 g Machine weight: 280 kg	Ideal for coconut balls and other products requiring precise, uniform rounding.
	All-in-one round dough shaping and tray loading machine	SV310	Machine dimensions: 187 × 110 × 102 cm Production speed: Depends on the upstream equipment Voltage: 220 V Power: 1.2 kW Machine weight: 180 kg
