Food machine

Mini Pizza Production Line

隆豫机器人（浙江）有限公司

Production Line Introduction

Mini pizzas offer convenience and versatility, making them popular in retail, foodservice, and frozen food markets. Different sizes and topping combinations require flexible and efficient production systems. LONGYU provides customized production solutions that help manufacturers achieve stable quality and meet diverse market demands.

Product Parameters

Product Images	Product Name	Model No.	Technical Specifications	Features
	Third-generation multi-function filling machine	SV380	Machine dimensions: 148 × 96 × 140 cm Production speed: 60–120 pieces per minute Machine parts in contact with food: Made from food-grade materials Power: 3.35 kW Voltage: 220 V Product weight: 10–1,000 g Machine weight: 500 kg	Handles large inclusions while preserving ingredient integrity for products up to 1000 g.
	High-speed tray-loading machine	SV302	Dimensions: 185 × 156 × 164 cm Voltage: 220 V Power: 1.5 kW Weight: 320 kg	Compatible with both small and large forming machines.
