SV180 桌面式包馅机

Tabletop Encrusting Machine

Product Specifications

The SV180 Tabletop Encrusting Machine is designed for maximum flexibility in compact production environments. With a footprint of less than 1 m², it is easy to move and ideal for chain stores, retail shops, food laboratories, and small-scale production facilities.

Despite its compact size, the machine offers exceptional versatility. Optional modules such as Pressing Attachments, Knife Cutting Attachments, Drum Coating Machines, and Rounding Systems can be integrated to meet diverse production requirements. Capable of producing a wide range of international products, including Kubba,
