

LONG YU
Food machine

SV-F400 注浆机
Filling & Injecting Machine

Product Specifications

Engineered for accurate and versatile depositing applications, the machine is ideal for products such as cream puffs, cupcakes, mousse cakes, and other bakery specialties. Its integrated tray indexing system and PLC recipe memory ensure efficient operation, consistent portioning, and fast product changeovers.

Designed to handle soft and liquid fillings, the machine supports up to six depositing nozzles for increased capacity and can be integrated with optional paper cup feeding systems for enhanced automation. Stainless steel construction and food-grade components ensure hygienic, dependable, and easy-to-operate performance.

Product Introduction

Product Dimension	173*120*140cm	Power	1.35KW
Net Weight	400KG	Production Capacity	200-300kg/h
Voltage	220VDC	Finished Product Weight	10-200g

Available Optional Fittings

Processing Range

Shanghai Longyu Eletro-Mechanic Technology Co., Ltd
