SV700C 三色曲奇机
Three-Color Cookie Machine

Product Specifications

Engineered for product innovation and maximum flexibility, the SV700C Three-Color Cookie Machine features an advanced multi-feeding system capable of processing up to three colors or flavors simultaneously. With a 9-row configuration, the machine delivers increased capacity while enabling premium products with distinctive appearance and taste.

Combining filling, twisting, wire-cutting, bar cutting, and jam depositing functions in a single platform, the SV700C supports a wide range of applications, including filled cookies, filling-in-filling products, and 2-skin-1-filling formulations that cannot be achieved with conventional dual-color systems. More than 60 interchangeable molds provide exceptional versatility for product development and market differentiation.

Product Introduction

Product Dimension	350*155*185cm	Power	8.5KW
Net Weight	1300KG	Production Capacity	200-500pcs/min
Voltage	380VDC	Finished Product Weight	5-40g

Available Optional Fittings

Forming Attachments

Adapts to different product textures and ingredients for optimal shaping results.

Multi-Layer Filling System

Expandable to support customized multi-dough and filling combinations.

Processing Range

Shanghai Longyu Eletro-Mechanic Technology Co., Ltd
